USA 3036-SB *Uniform Semi-Automatic Case Sealer*

USA SERIES

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases. These machines are engineered to provide:

- Industry leading features
- Heavy duty construction for 24/7 operation
- Ergonomic, user-friendly operation and case size set up

Every Interpack Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

Shown with optional pack tables and casters

USA 3036-SB FEATURES

- Heavy duty construction will process up to 125 lb. cases
- 4" tall side belt drive to process a wider range of cases
- Side belts capture the case between 2 moving belts, reducing the force on the case
- 1/3rd HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tape heads process cases as low as 5" tall
- Reversible controls for left or right handed operation

Top squeezers close to 8"

STANDARD OPTIONS

Infeed table

Box hold down device

Heavy duty casters

Spare parts kits

FEATURES

Tip-up tape head simplifies roll replacement

Slide & lock upper head for quick & simple size setup

Single handle locks upper head to both columns

"Floating" upper head for mild overfills

1/3 HP motors for heavy duty usage

Infeed or exit tables available in 16, 24, or 36 inch lengths

Offset tape heads process 2" high cases

Case retainer infeed guides

Self-tensioning & tracking side drives simplify belt replacement

Optional swivel & locking casters

Corporate Profile

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry.

IPG is widely recognized for its development and manufacture of specialized polyolefin, plastic and paper-based packaging products, as well as complementary packaging systems for industrial and retail use. Additionally, IPG is a woven and flexible intermediate bulk container (FIBC) manufacturer. Its performance products, including tapes and cloths, are designed for demanding aerospace, automotive and industrial applications and are sold to a broad range of industrial/specialty distributors, retail stores and large end-users in diverse industries.
